

Derek William Archer, 973, School, 1959

15th February 1941 – 26th August 2024

Twin brother to Don and father to Sternian Duncan

Derek enjoyed life to the full. He was a civil engineer in his working life and built roads and bridges in the UK and then all over the world. His elder son Duncan was at LWC in the 80s. Below is a photo of how our contemporaries at LWC would remember the Archer twins; with our dear mother at Founder's Day 1959.

A CELEBRATION
FOR THE LIFE
OF
DEREK WILLIAM ARCHER
15th FEBRUARY 1941 - 26th AUGUST 2024
